

FRANCISCO ARIEL LÓPEZ

PRODUCT & AI SYSTEMS BUILDER | STRATEGY & CONSULTING | ADVANCED DIGITAL BUSINESS STUDENT (December 1 subject left only)

Buenos Aires, AR | +54 9 11 6230 1920 | franciscoariellopez22@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Highly creative product builder and advanced Digital Business student (Finance concentration) with deep technical understanding across AI systems, software, finance, and strategy. Strategy & Consulting intern at Accenture and founder of Venture Governance System, turning ambiguous problems into purposeful, human-centered products. Drawn to Google's evidence-driven culture and Project Aristotle's emphasis on psychological safety, dependability, structure and clarity, meaning, and impact.

EXPERIENCE

Accenture Argentina | Strategy & Consulting Intern - CFO & Enterprise Value Mar 2026 - Present

- Support Strategy & Consulting work in the CFO & Enterprise Value practice, developing structured analysis across finance, business, and technology topics in a hybrid, cross-functional environment.
- Apply analytical problem-solving, clear communication, and rapid learning while gaining exposure to enterprise transformation and value-focused decision making.

Venture Governance System | Founder & Product Architect <https://venturegovernance.com> 2026 - Present

- Architected and deployed a governed AI product around a 1,970-profile specialist registry spanning 51 domains, connecting mathematics, finance, strategy, and marketing while retaining human decision authority.
- Purpose-built the Next.js and TypeScript web experience as an interactive product narrative, combining cinematic UX, accessibility, progressive disclosure, reproducible Labs, and transparent human-review boundaries.
- Extended one core architecture into cross-domain product experiments spanning venture, marketing, education, finance, strategy, and simulation, explicitly separating evidence, assumptions, model outputs, and human decisions.

EDUCATION

Austral University | B.A. in Digital Business - Finance Concentration 2022 - Expected Dec 2026

Focus & coursework: DCF and cash-flow valuation, macroeconomic forecasting, cost and risk analysis, scenario-based decisions, Product Development, Product Management, Blue Ocean Strategy and Strategic Management (taught in English), web development, WebSockets, and API integration.

Cardenal Pironio School - Bilingual High School Diploma, Economics & Business Administration

2019
